

CIVITAN INTERNATIONAL

Region 2

Thanks to everyone that attended the Fall Meeting hosted by the Hometown Civitan Club. Please join us in prayer for Phyleshia Jackson-O'Neal, Downtown Web In Action Club, who was in an automobile accident after the meeting. We're thankful for successful surgery to her leg and foot and hopeful for a quick recovery.

For those that couldn't attend you missed a good time and a great presentation from Rich Killion of Beacon College. The good news is you can view a video of Rich's program in our facebook group plus more photos from the event.

[Tampa Metro Civitans](#) and friends managed Special Olympics Florida - West Coast Region awards at five competitions over 6 days on 4 consecutive weekends!

The [Dalton Civitan Club](#) honored long-time community leader Paul Belk with the Civitan Research Center Fellow Award. Belk joined the Club in 1981 with an eagerness to improve the lives of Daltonians. That eagerness, however, was tempered by the reality of a dwindling membership in the Dalton Civitan Club. Belk knew the club needed to grow to continue to serve the community. Belk helped grow the membership and actively raised funds for the club to secure its financial stability. The Club now has over 90 members!
